

The rules are we need to wear face masks when we leave our house.

Face masks help keep you from getting very sick.

Face masks can look like what your doctor wears or with a funny face.

A face mask needs to cover your mouth and nose.

When you wear a face mask you help your Mom, Dad, brothers, sisters, Grandma, Grandpa and friends from getting sick.

When we all follow the rules and wear face masks people stay healthy and don't get sick.

We are all happy to help keep our family and friends healthy.
